

OPeNDAP access with arcGis

Accessing netCDF/OPeNDAP data with arcGIS

Buy [arcGis](#) 10 (9.2+) and use one of these options:

1. use native arcGIS netCDF support (no curvilinear model grids!)
 - http://webhelp.esri.com/arcgisSDEsktop/9.3/index.cfm?TopicName=Adding_netCDF_data_in_ArcGIS
 - <http://www.narccap.ucar.edu/data/gis-howto.html>
 - slides from ESRI at NASA HDF EOS workshop on improving arcGIS support for CF conventions <http://hdfeos.org/workshops/ws15/agenda.php>
 - <http://blogs.esri.com/esri/arcgis/2011/04/19/environmental-data-collector-extension-for-arcgis-10-0/>
2. download the free Environmental Data Connector [EDC](#) extension made by ASA on request of NOAA.
3. MGET arcGis 10.1 addition: <http://mgel.env.duke.edu/mget>
