

Memo

Subject: Deliverable 8.2: Web-portal for cluster
To: Philippe Quevauviller
cc:
Date: 16th of July 2012

This memo accompanies deliverable D8.2 which is the Web-portal for the Africa cluster.

The main access to the portal is through the following URL
www.africa-cluster.eu

The portal gives access to the 7 FP7 projects belonging to the cluster and the water related issues they are addressing are:

- Water and irrigated farming systems (EAU4Food)
- Water harvesting (WAHARA)
- Natural resources management (AFROMAISON)
- Drought monitoring, forecasting and adaptation (DEWFORA)
- Waste water treatment by means of biotechnology (WATERBIOTECH)
- Water-related vector-borne diseases (HEALTHY FUTURES)

Additionally, one project, AfriCAN Climate, aims at disseminating research results and good practices in the entire climate change knowledge field

Micha Werner and Sophie Vermooten
(DEWFORA project)
