Managing the response: The Dutch perspective

Josine van de Ven; Kees van Dongen

TNO

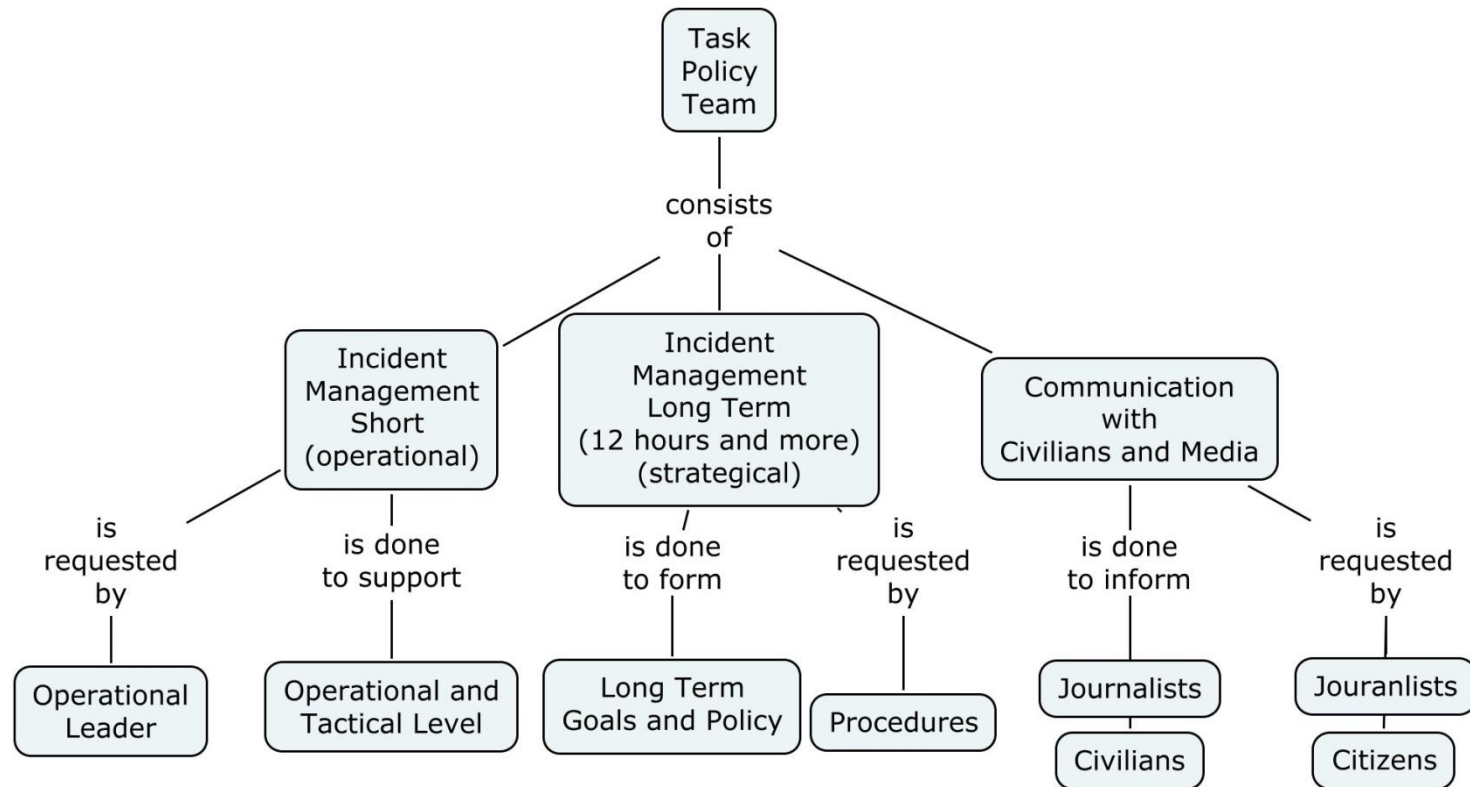

Crisis Management Organization

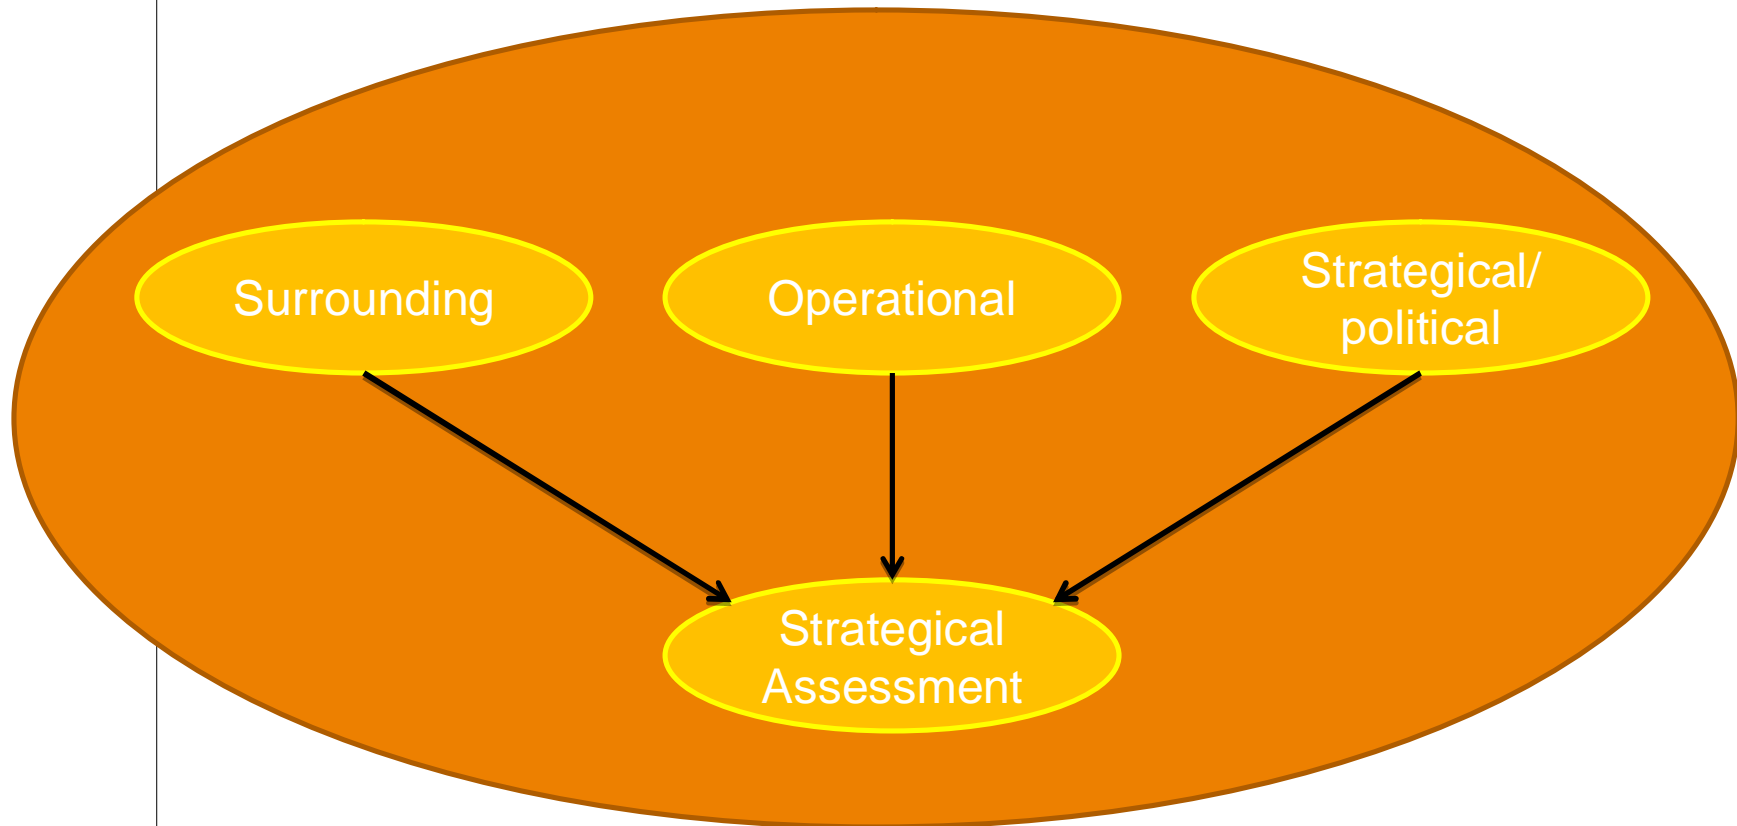

Tasks of a policy team

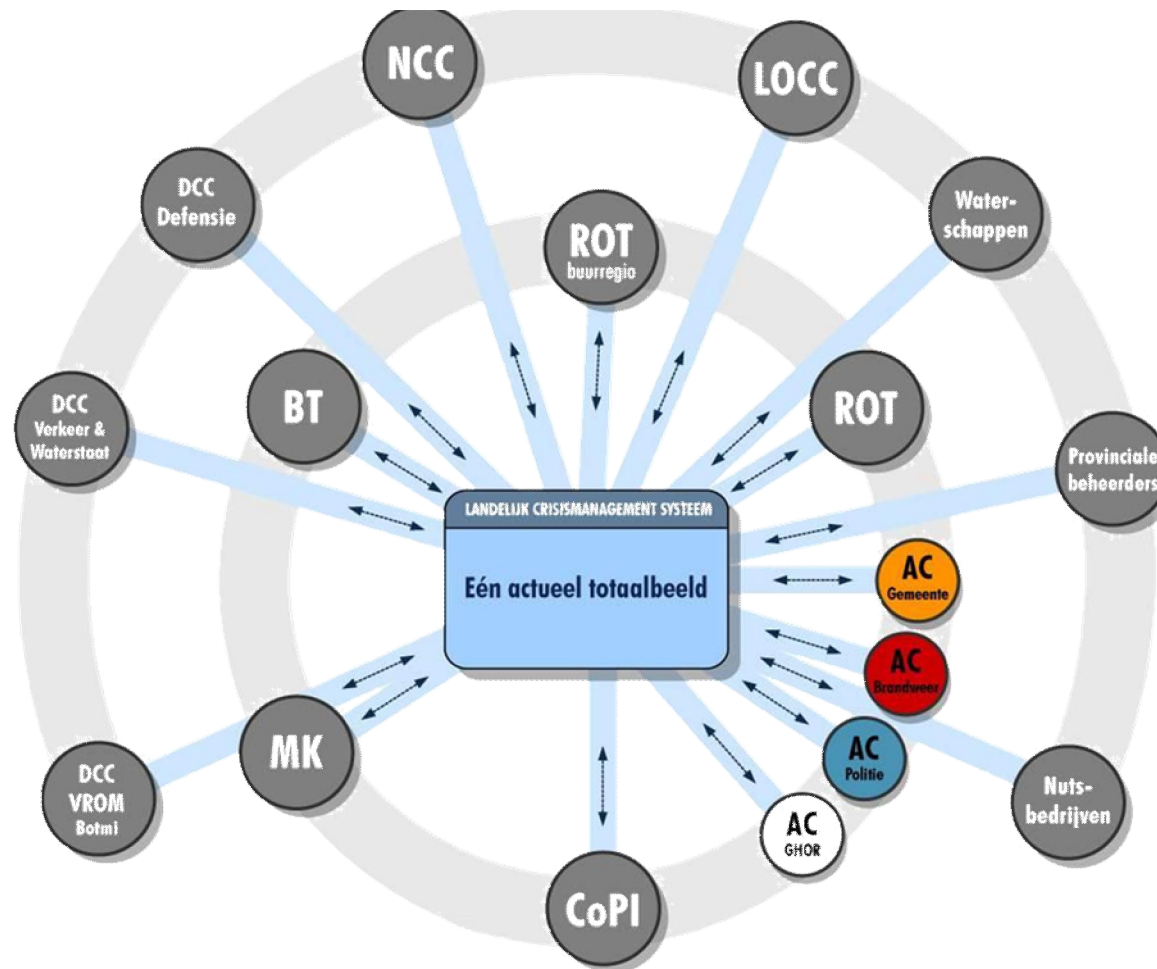

Information needs

Other (policy) parties involved

Strategical/political Decision Making Strategies

Intuitive

-Time, good 'feeling' of decision

Directive

-Time, with uncertainty

Consultative

+Time, create understanding for decision by hearing the different perspectives

Consult different parties in policy coordination dilemma's

Negotitative

+Time, understand different views/motives before making a decision

Negotiate different systems/strategies for synchronization of strategies
