

Delft-FEWS 2020.02 Resolved Bugs

Component/s	Key	Customer name	Summary	Release Note Text	Fix Version/s	Release Note Text Description	Link to Documentation
App - Admin Interface	FEWS-24228		Cardinal timeStep of Event-Action ignored				
App - Admin Interface	FEWS-23730		FEWS-9861 NWS: #84044 AI Latest Task Run Status not updated if run was terminated				
App - Admin Interface	FEWS-23210	Deltares	database trend page gives out of memory exception for large module data sets	Fixed OutOfMemoryError in DatabaseTableSpaceTrendAnalyser			
App - Admin Interface	FEWS-23991	BOS Regge testsystem	FEWS-23579 download mc config from AI results in incorrect xml that not validates				
App - Admin Interface	FEWS-24006	BOS Regge testsystem	FEWS-23579 not any performed taskrun visible through AI				
App - Admin Interface	FEWS-24027	Deltares	FEWS-23579 Error uploading MC config with AI		A downloaded MCConfig that does not validate (when for instance migrating from fews.master.mc.conf) will now have the prefix "invalid ".		
App - Admin Interface	FEWS-23633		FEWS-9556 RWSOS-NZ: AI workflow mapping export contains workflows that are not visible anymore in the workflow mapping (because the id's are not in the system anymore)				
App - Admin Interface	FEWS-24111		FEWS-23579 Error uploading config zip in Admin Interface (includes very large moduleDataSet)				
App - Admin Interface	FEWS-24189		FEWS-23579 AI: Collected System Log files does not contain MC log files				
App - Admin Interface	FEWS-23970	BOS Regge testsystem	FEWS-23579 FSS directory of windows looks like linux /opt/fews/fss/1				
App - Admin Interface	FEWS-24096		FEWS-23579 Collected logfiles. Duplicate Value for key 1 already exists				
App - Admin Interface	FEWS-23818		FEWS-23579 log4j2.messageFactory not working in Admin Interface	Admin Interface logs can handle %s formatting	Admin Interface logs can handle %s formatting	https://publicwiki.deltares.nl/display/FEWSDOC/Admin+Interface+User+Guide+version+2018.02+and+later	
App - Admin Interface	FEWS-23989		FEWS-23579 Definition of new one off task does not work	start time and end time validation failed when scheduling tasks.	The date formatter in the new mc config file includes seconds in the format. The start time and end time in the gui are set without seconds. That's why the validation failed. Now validation is done without seconds.		
App - Admin Interface	FEWS-23990		FEWS-23579 Software management is not a correct title anymore when there is also config management	name change for software management menu	Name change for software management menu. The main menu is now called Software and Configuration Management.	https://publicwiki.deltares.nl/display/FEWSDOC/Delft-FEWS+Admin+Interface+-+Software+and+Configuration+Management	
App - Admin Interface	FEWS-24002		FEWS-23579 AI: Upload of Task.xml file results in ERROR but task is uploaded	invalid errors reported	Invalid errors were reported after uploading a task, workflow mapping or fss group.		
App - Admin Interface	FEWS-24005		FEWS-23579 AI: Failed to upload Multiple Action Configurations	Upload multiple action configurations was broken	Upload multiple action configurations was broken	https://publicwiki.deltares.nl/display/FEWSDOC/Event+and+Actions	

Component/s	Key	Customer name	Summary	Release Note Text	Fix Version/s	Release Note Text Description	Link to Documentation
App - Admin Interface	FEWS-24086		FEWS-23579 Upload config zip in Admin Interface fails	all config xsd's are required in admin interface war for validation	all config xsd's are required in admin interface war for validation	https://publicwiki.deltares.nl/display/FEWSDOC/Delft-FEWS+Admin+Interface+-Software+and+Configuration+Management#Delft-FEWSAdminInterface-SoftwareandConfigurationManagement-Delft-FEWSConfiguration(since2020.02)	
App - Admin Interface	FEWS-24074		FEWS-23579 AI login screen wail fail login if kept open too long	admin interface will report if security token was expired on login page	admin interface will report if security token was expired on login page. Instead of a "HTTP POST is not supported error", a redirect to the login page is done with a message that the security token is probably expired. This can typically happen when the login page has been left open for too long.	https://publicwiki.deltares.nl/display/FEWSDOC/Delft-FEWS+Admin+Interface+-Introduction#Delft-FEWSAdminInterface-Introduction-Introduction-Logonscreen	
App - Admin Interface	FEWS-24117	BOS Regge testsystem	FEWS-23579 AI message on log "files" should be log "messages"	renamed log files into log messages	renamed log files into log messages	https://publicwiki.deltares.nl/display/FEWSDOC/View+Logs#ViewLogs-AcknowledgeLogs(since2020.01)	
App - Admin Interface	FEWS-24137		FEWS-23579 AI: An Error is produced when adding a second Priority for the Failover Priorities	adding failover priority fix	adding failover priority fix failed due to changes in mc config xml file.	https://publicwiki.deltares.nl/display/FEWSDOC/Delft-FEWS+Admin+Interface+-System+Control#Delft-FEWSAdminInterface-SystemControl-Add/EditPriority	
App - Admin Interface	FEWS-23992	BOS Regge testsystem	FEWS-23579 On upload of new MC config, AI does not work anymore				
App - Admin Interface	FEWS-24209	BOS Regge testsystem	FEWS-23579 Not able to add or edit MC_SystemAlerter task	MC System alerter could not be selected	MC System alerter could not be selected due to a regression bug.	https://publicwiki.deltares.nl/display/FEWSDOC/Scheduled+Tasks	
App - Admin Interface	FEWS-24221	BOS Regge testsystem	FEWS-23579 After setting other action to default, the list should be updated. Currently, nothing happens	actions list was not refreshed	actions list was not refreshed after setting default.	https://publicwiki.deltares.nl/display/FEWSDOC/Event+and+Actions	
App - Admin Interface	FEWS-24268		FEWS-23579 validate extensions of files uploaded with admin interface	file extension are filtered in admin interface upload	File extensions are filtered in the admin interface uploads: .jar .zip .conf and .xml For the upload of the patch.jar it is also checked if the jar file contains a FEWS manifest.	https://publicwiki.deltares.nl/display/FEWSDOC/Delft-FEWS+Admin+Interface+-Software+and+Configuration+Management	
App - Admin Interface	FEWS-24370		FEWS-23579 List taskruns icon should not be available for triggered one-off tasks.	Taskruns button is not visible for triggered-one-of-tasks	Taskruns button is not visible for triggered-one-of-tasks, since the taskruns are created on the fly and are not available in the database anymore since 2020.02.	https://publicwiki.deltares.nl/display/FEWSDOC/Scheduled+Tasks	
App - Archive	FEWS-23567		Not possible to get a time series twice from the archive.				

Component/s	Key	Customer name	Summary	Release Note Text	Fix Version/s	Release Note Text Description	Link to Documentation
App - Archive	FEWS-22911	Deltares	FEWS-21449 IMFS-SA: Archive Error when exporting non-eq data without data in selected period				
App - Archive, Plugin - Gui - Archive Display	FEWS-24019		FEWS-23579 large elastic queries are missing records sometimes				
App - Archive	FEWS-23300		FEWS-23579 external storage harvester please report all ERRORS to console				
App - Archive	FEWS-23306	EA	elastic search bad request error			using seamless integration with the PI service, an error occurs just after elastic search responses with a BAD REQUEST. 2020-07-30 14:09:59.716 DEBUG - I/O dispatcher 1.Log4JLogger.debug - http-outgoing-0 10.205.18.41:36450<->10.205.18.39:9200[ACTIVE][r:r]: Set timeout 0 2020-07-30 14:09:59.716 DEBUG - I/O dispatcher 1.Log4JLogger.debug - Connection released: [id: http-outgoing-0][route: {}->[http://imfs-pre-archive.azure.defra.cloud:9200]https://slack-redir.net/link?url=http%3A%2F%2Fimfs-pre-archive.azure.defra.cloud%3A9200][total kept alive: 1; route allocated: 1 of 10; total allocated: 1 of 30]	
App - Archive, System - FEWS webservices	FEWS-23534		FEWS-23579 WMS-service doesn't show data from externalNetCDFStorage				
App - Configuration Manager Gui, Plugin - GUI - IFD - Forecasts	FEWS-23769	BlueEarth	FEWS-22165 enable new whatif in IFD en ManualForecastDisplay				
App - Configuration Manager Gui	FEWS-24020		FEWS-23579 CM call Maplayer instead of MaplayerFiles				
App - Configuration Manager Gui	FEWS-24215		FEWS-23579 No way to get the help.pdf working in the CM.				
App - Configuration Manager Gui	FEWS-24184		FEWS-23579 CM help menu different from OC				
App - Configuration Manager Gui	FEWS-24021		FEWS-23579 Unable to import file with spaces in filename				
App - Configuration Manager Gui	FEWS-24220		False warning about clientConfig import				
App - Configuration Manager Gui	FEWS-24036	Deltares	FEWS-23579 CM: Order of folders not alphabetically				
App - Configuration Manager Gui	FEWS-24038	Deltares	FEWS-23579 CM: context menu option 'Export' not visible				
App - Configuration Manager Gui	FEWS-22897		text in progress bar is not in language file				
App - Configuration Manager Gui	FEWS-24183	BOS Regge testsystem	FEWS-23579 CM import config dialoog has no icon and does not escape				
App - Configuration Manager Gui	FEWS-24110		FEWS-23579 Java heap space error when uploading moduleDataSet zip over 500MB				
App - Configuration Manager Gui	FEWS-24182	BOS Regge testsystem	FEWS-23579 CM database info in about box does not appear				

Delft-FEWS 2020.02 Resolved Bugs

Component/s	Key	Customer name	Summary	Release Note Text	Fix Version/s	Release Note Text Description	Link to Documentation
App - Configuration Manager Gui	FEWS-24149	BOS Regge testsystem	FEWS-23579 Couldn't initialize truststore, No such algorithm WINDOWS-ROOT KeyStore not available				
App - Data Conversion Module	FEWS-23491		DCM_Munisense. All time series are empty or no NC file will be created				
App - Delft-FEWS	FEWS-23686	Deltares	Add Deltares CA to FEWS bin for integration with DPC platform				
App - Delft-FEWS	FEWS-23940		FEWS-23579 ForecastNotes: can not lock one message. Only multiple				
App - Delft-FEWS	FEWS-24016		FEWS-23579 System Monitor returns NullPointer #2020.02, build: 99367				
App - Forecasting Shell Server	FEWS-24143		AI inserts wrong build type in database when uploading base build				
App - Forecasting Shell Server	FEWS-23978		FEWS-23579 Non validating taskProperties.xml written to the database				
App - Forecasting Shell Server	FEWS-23977	BOS Regge testsystem	FEWS-23579 ExportSnapshotActivity gives incorrect error on Not enough free disk space				
App - Forecasting Shell Server	FEWS-23507		FSS: updates all ModuleDataSets in the clientconfig, when one is added				
App - Forecasting Shell Server	FEWS-22940	RWS	Aanpassing fssLauncherRegisterService.bat om directory mee te geven				
App - Forecasting Shell Server	FEWS-23378		FssWakeupMonitor.run - File not found /opt/feWS/fss/slots/lock				
App - Forecasting Shell Server	FEWS-24024	BOS Regge testsystem	FEWS-23579 Illegal thread state Only one connection allowed per thread, first close the open connection.				
App - Forecasting Shell Server	FEWS-24087	BOS Regge testsystem	FEWS-23579 ThreadGroup cannot be cast to class				
App - Forecasting Shell Server	FEWS-24171	BOS Regge testsystem	FEWS-23579 on FSS issue with new basebuild after upload of new basebuild				
App - Master Controller Server	FEWS-23887	Deltares	FEWS-23579 MCLauncher should be headless				
App - Master Controller Server	FEWS-24007	BOS Regge testsystem	FEWS-23579 Many messages on "skip invalid task run row id" since update to 2020.02				
App - Master Controller Server	FEWS-24069	Deltares	FEWS-23579 Salto Grande 2020.02 error SQL row versioning				
App - Master Controller Server	FEWS-24085	BOS Regge testsystem	FEWS-23579 on upload of new CM/MC patch: ERROR - main.MasterController.connect - Master Controller RDREMC00 exited abruptly while initializing				
App - Master Controller Server	FEWS-24068		FEWS-23579 MC fails after uploading MC config (Regge XTR)				
App - Master Controller Server	FEWS-24315	BOS Regge testsystem	FEWS-23579 Error processing EventAction 'DataStore.NewCurrentRun' logEntries for processing: Illegal argument is True				
App - Master Controller Server	FEWS-24316	BOS Regge testsystem	FEWS-23579 MC systemalerter mail does not send log messages from %LOG% anymore				
App - Master Controller Server	FEWS-24224		FEWS-23579 MC systemalerter should add linebreak after each logmessage in mail				
App - Master Controller Server	FEWS-23981		FEWS-23579 Error of MC that MC_SystemAlerter has no suitable FSS				

Delft-FEWS 2020.02 Resolved Bugs

Component/s	Key	Customer name	Summary	Release Note Text	Fix Version/s	Release Note Text Description	Link to Documentation
App - Master Controller Server	FEWS-24159	BOS Regge testsystem	FEWS-23579 change MC eventcode "main.ObjectArrayUtils.forEach" to something more relevant				
App - Operator Client Gui (Explorer)	FEWS-23284		Delft-FEWS.jar contains topology-editor				
App - Operator Client Gui (Explorer)	FEWS-23980		FEWS-23579 Not possible to download MC logging anymore				
App - Operator Client Gui (Explorer)	FEWS-23961		FEWS-23579 Faults in location names				
App - Operator Client Gui (Explorer), System	FEWS-24011		FEWS-23579 F12 + 3 is not running the last workflow				
App - Operator Client Gui (Explorer)	FEWS-23975	BOS Regge testsystem	FEWS-23579 Dashboard management panel: GUI improvements				
App - Operator Client Gui (Explorer)	FEWS-24127		FEWS-23579 Deltares logo should be changed to the new one				
App - Operator Client Gui (Explorer)	FEWS-23058		FEWS-21449 NA Alpha - Hermes - Default for toolbarTask has changed				
App - Operator Client Gui (Explorer)	FEWS-23973	BOS Regge testsystem	FEWS-23579 Dashboard management panel should have a caption				
App - Operator Client Gui (Explorer)	FEWS-23983		FEWS-23579 On using color schemes, graph legends are not visible				
App - Operator Client Gui (Explorer)	FEWS-24107	BOS Regge testsystem	FEWS-23579 what is this a stupid icon?				
App - Operator Client Gui (Explorer)	FEWS-24180	BOS Regge testsystem	FEWS-23579 Dashboard management panel should be modal				
App - Operator Client Gui (Explorer)	FEWS-23037		Null pointer: Null pointer program error at nl.wdelft.fews.gui.explorer.FewsMenuBar				
App - Operator Client Gui (Explorer)	FEWS-23974	BOS Regge testsystem	FEWS-23579 On deleting in dashboard management, array out of bounds				
App - Operator Client Gui (Explorer)	FEWS-23456		Time series info panel, no thresholds shown				
App - Operator Client Gui (Explorer), System	FEWS-23329		Allow closing FEWS splash screen via task bar when it hangs				
App - Operator Client Gui (Explorer)	FEWS-19240		Time series set defined in one file not found by filters in other file (only OC)				
App - Operator Client Gui (Explorer), System	FEWS-23957		FEWS-23579 shortcut F12-3 run last created task gives error				
App - Operator Client Gui (Explorer)	FEWS-24066		FEWS-23579 explorer: reloading notification settings from explorer.xml does not work (F5)				
App - Operator Client Gui (Explorer)	FEWS-24104	BOS Regge testsystem	FEWS-23579 FEWS jumps to foreground, when doing something else				
App - Operator Client Gui (Explorer)	FEWS-23842		Opening File Dialog is extremely slow				
App - Operator Client Gui (Explorer)	FEWS-24158	BOS Regge testsystem	FEWS-23579 Scaling of charts on the map incorrect				
App - Operator Client Gui (Explorer)	FEWS-24152		FEWS-23579 Improve layout of about box				
App - Operator Client Gui (Explorer), System	FEWS-24101		FEWS-23579 screen recording: Wrong screen resolution on second monitor with different resolution				
App - Operator Client Gui (Explorer)	FEWS-24402	BOS NZV	FEWS-23579 BufferMapBean load thread.BufferedMapBeanx.loadLayer - java.io.IOException: Can not create file because parent dir does not exist				
App - Operator Client Gui (Explorer)	FEWS-24150	BOS Regge testsystem	FEWS-23579 Hide unused and irrelevant menu option "attach all display options"				

Delft-FEWS 2020.02 Resolved Bugs

Component/s	Key	Customer name	Summary	Release Note Text	Fix Version/s	Release Note Text Description	Link to Documentation
App - Operator Client Gui (Explorer)	FEWS-23107	Deltares	FEWS-22675 FOEN-OC: OC opstarten via Proxy geeft veel Archive Error logs	all archive retry connection errors were logged	all archive retry connection errors were logged. It should only log one error every 15 minutes and only if the error message differs from the previous one.	https://publicwiki.deltares.nl/display/FEWSDOC/The+Deltares+OpenArchive+%282017.01+and+newer%29+-+installation	
Configuration	FEWS-23364		FEWS-17145 unzip ModuleDataSets - set execute permissions for files with .hydra extension				
Configuration	FEWS-23825		FEWS-23579 HyFS: Location name (derived from two columns in CSV files) gets mixed up				
Database - Caches, Database - Central Database, Plugin - Gui - Map	FEWS-24214		Null pointer on downloading cta file from central database				
Database - Central Database	FEWS-21268	Deltares	oracle driver needs upgrade	Oracle jdbc driver updated to ojdbc10.jar, version 19.7.0.0.0.0 LINUX.X64_200211			
Database - Central Database	FEWS-24039	Deltares	FEWS-23579 Ancient Jtds urls are not properly converted to the new sqlserver url format.	remote Jtds urls are now properly converted to the mssql url format in the automated migration of the fews.master.mc.conf
