

Add a tool

Add a new tool through the live template.

Instructions

1. Press the button next to create and choose the 'Add new template' to add a new page.
2. Enter the name of the tool as title and click **Save**
3. Enter the information into the fields
 - The fields marked with a * are mandatory
 - If you enter a link complete with http in front it will automatically become clickable, i.e. <http://public.deltares.nl/display/MESMA> works, but public.deltares.nl/display/MESMA does not work.
4. Click **Save** to save the information as a new tool
