Date: 30. March 2011
Time: 10:00 - 11:00 CET
Venue: Skype Conference Call
Topic: OATC SDK

Table of contents

- Table of contents
- Participants
- SDK C#
- SDK java
- OpenMI / OMS
- EGU / OpenWaterSymposium
- Other issues
- Next meeting

Participants

Adrian Harper, Innovye Ltd (adrian.harper@inovye.com)
Stef Hummel, Deltares (stef.hummel@deltares.nl)
Standa Vanecek, DHI (s.vanecek@dhi.cz)
Peter Schade, Bundesanstalt fuer Wasserbau (peter.schade(at)baw.de)
Rob Knappen, Alterra, Wageningen UR (Rob.Knappen@wur.nl)
Jesper Grooss, DHI (jgr@dhigroup.com)

Apologies:

SDK C#

Stef has removed tests that will not work on the short term. These tests are still available in tags/OpenMI-2.0-20110329-beforeRemovingTests. He also excluded tests from that are not working yet, but are supposed to be working on the short term. He will now focus on making all tests work.

SDK java

Rob and a colleague have started to work on a java SDK. They are considering to use annotations.

OpenMI / OMS

OpenMI:

- more for large scale legacy code.
- set as as standard

OMS:

- modelling tool for connecting small models.
- not really a standard
  
  Let us ask Riccardo what problems his developers/modellers experienced with OpenMI
  Rob will get in touch with Olaf David about co-operation between OpenMI and OMS (both are in java)

EGU / OpenWaterSymposium

Gena, Peter and Quillion will be at EGU.
Standa and Stef will be at the OpenWaterSymposium.
Other issues
Frank Ruessner has done his PhD work based on OpenMI 1.4. In the next few months he will do some developments in 2.0

Next meeting
Skype meeting at Wednesday April 13th, 9:00 CEST
Subject: Define a real test case for OpenMI 2.0
