Running Tasks

This page displays all the currently running and pending tasks

Task Run ID	Task ID	Description	Workflow Id	Dispatch Time	FSS ID	Status	Actions
nlcovademmc00:000002513	nlcovademmc00:0000440		Import_Process_Observations	21/02/2019 15:08:09	300	Running	✖

Showing 1 to 1 of 1 entries

The details are described below:

Item	Details
Task Run ID	The identifier for this particular run of this type of task.
Task ID	The identifier for this type of task. Clicking on the entry will bring up the Task Details screen,
Description	Text description of the task
WorkflowID	The workflow identifier
Dispatch Time	The time that the task was dispatched by the Master Controller
FSS ID	The identifier of the FSS that the task was dispatched to.
Status	The status of the task: • Complete • Running • Terminated (system had to terminate the task - due to the task timeout being exceeded or its initial due time being set to far in the past) (check system clocks!) • Failed
Actions	A pending or running task can be killed.
