

Admin Interface User Guide

This section contains a detailed description of the **Delft-FEWS Admin Interface** from version **2018.02** and later. All menu items and corresponding options are described on separate pages.

DELFT-FEWS: Admin Interface User Guide

This User Guide provides guidance in the use of the Delft-FEWS Admin Interface (AI). The Admin Interface provides a tool to a System Manager to monitor and maintain the Delft-FEWS components on the central servers and - to a limited extent - the forecasting shell servers.
