------------------------------	------	------	----------	-----------------	-------	--------	---------------

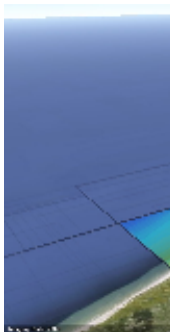

Jaap van Thiel de Vries and Fedor Baart are working on a morphodynamic model for Ameland. It will be used to hindcast the storm of november 2007 and will be extended for use in the operational model setup.

Ameland [created with Google Mapping service TM]

Bathymetry 3D plot

Ameland Bathymet

Some photo's by Martin Baptist from the storm can be found on the [NCK page](#)
A detailed report can be found on the [SVSD site](#)
