New XBeach repository and portal website

The new XBeach portal website is released on <http://oss.deltares.nl/>! It replaces the general parts of this WIKI space and the [Google Groups](#) website.

The Subversion (SVN) repository is migrated as well. The new address is: <https://svn.oss.deltares.nl/repos/xbeach>. Read the instruction on [how to](#)

[register and create a new working copy](#) or [how to relocate](#) to start using the new SVN server.
