

Visualizing the Alcatraz escape

In the night of June 11, 1962 three inmates escaped from Alcatraz.

Here are some visualizations of the escape. This is work in progress. The [model](#) and visualizations are created together with Olivier Hoes, Martijn Siemerink and Gena Donchyts.

Created with [3Di](#), [python-subgrid](#), [matplotlib](#), [VTK](#), [cloudmade](#).
